

Mississippi Communities Health Advisers (MCHA) combines access to better, more affordable health insurance with better health care with local physicians.

MCHA is a partnership among the Mississippi Municipal League, leading Mississippi municipalities, community leaders, physicians, employers, and Mississippi-based health care organizations.

MCHA's key priorities include:

Making Mississippi communities healthier

Reducing and controlling health insurance costs

Expanding access to quality care through community programs and clinics

Providing more insurance options to Mississippi communities

Supporting economic and community development in Mississippi by improving health care in local communities

Affordable medical coverage

Ambetter from Magnolia Health insurance delivers high-quality, locally based health care to its members, many of whom are eligible for greatly reduced rates.

Superior community-based medical care

Vigilant Health provides unique, nationally recognized community-based clinics and healthcare services for all Ambetter policy holders with no waiting for appointments, no limit on visits, and in many cases no out-of-pocket costs of any kind.

mscommunitieshealth.com

MCHA provides better, more affordable health insurance and access to better care to Mississippi municipalities and their communities—particularly smaller communities in underserved markets.

Marketplace health insurance

The Affordable Care Act provides affordable, high quality health insurance for individuals. Marketplace Health Insurance substantially reduces the costs of insurance through subsidies for qualifying incomes.

UP TO 90%
of Mississippi municipal employees qualify for insurance at reduced or no cost.

Ambetter from Magnolia Health

Ambetter from Magnolia Health is the largest Marketplace insurer in Mississippi and part of the nation's largest Marketplace insurer. All Ambetter plans include:

- Comprehensive major medical coverage
- Pharmacy programs – mail order or retail
- Affordable Dental and Vision Insurance (optional)
- Maternity Health program
- Up to \$500 through an online rewards program
- No exclusions for pre-existing conditions

Access to coverage and care

MCHA coordinates premium quote information, collection, and coverage options for municipality employees, and with its broker partners provides advice and guidance about terms, premiums, costs, and benefits. MCHA's dedicated member service representatives get members immediate answers to questions about coverage and care.

All Ambetter policy holders have access to Vigilant Health's community-based clinics.

Vigilant Health clinics are led by local physicians and work closely with area providers. Ambetter policy holders have access to Vigilant Health clinics with no waiting for appointments, no limit on visits, and in many cases no out-of-pocket costs of any kind.
